Since 1997, we have provided technology solutions to financial institutions and manufacturing, We can do the same for you.

### » Professional Services

ResourceMax is focused in 3 areas: Quality Assurance, Master Data Management & Business Intelligence and we have a practice dedicated for Oracle Forms maintenance/migration. We have more than 700 resources in our offshore delivery center that have the track record of delivering results.

### » Staff Augmentation

Put our experience to work for you. Since 1997, ResourceMax has been providing information technology recruiting and placement services to companies, non-profit and government agencies throughout the southern and eastern US.

### » CIO Advisory Services

There are many firms that need a CIO but due to their size and limited resources, they don't hire one. Yet the key to leveraging your IT and raising it to the next level is dependent on long term strategy. If you would like some information on our services where we can have one of our executive consultants (former CIOs)'to come in and spend a little time with you in building your blueprint, give us a call.
